

CTC CAREER CAMP

daily sessions

open to current 6th, 7th and 8th grade students in the 2023-2024 school year.

The ever-popular Career Camp is back with a ton of fun, hands-on sessions for students to explore including being a chef for a day, making commercials with a video camera, crushing cans with robots, and building birdhouses! Career Camp gives students a sneak peek into career possibilities and offers a glimpse of the fantastic programs available at CTC!

Auto Mech Tech

Pop open the hood of a car. What do you see? Learn about the systems that make a modern automobile run. You will perform an oil change and tire rotation while learning about entry-level automobile maintenance.

Camp 9-1-1 **new**

Want to be better prepared for an emergency at home or while babysitting? This class teaches you Hands-Only CPR for adults and infants, how and when to use an AED, how to treat choking and more through the American Heart Association.

Color Me Floral **new**

Explore your creative side and create beautiful décor with natural elements. You will learn the basic principles of floral design such as color, balance, space, scale, shape, proportion and size as you create vase arrangements using flowers and foliage.

Computer Tech

See how computers work from the inside out! You will gain a deep understanding of computer hardware by disassembling and reassembling a computer and learning motherboards, CPUs, RAM, and more. Then delve into the world of software as you install an operating system on the computers you've dissected.

Construction Junction

Learn the basics of construction and building and visit the CTC project house! With your new skills, you will build a toolbox to take home at the end of class.

Destination Robotics

Crush cans using pneumatics and DC electric, draw with CAD and work with robots as you learn about exciting careers in engineering. You'll experience a wide range of engineering fields to discover the area that you like best.

Diesel Engines 101

Ever wonder what the inside of a semi-truck looks like? Find out in this hands-on class where you will learn about and work on diesel engines and explore how they run. **For your safety, you must wear closed-toed shoes and long pants.**

Fun on the Farm **new**

Love animals and plants? Learn about both and have fun at the farm working with dogs, pigs, sheep, goats, calves and rabbits along with Michigan's different greenhouse, orchard and row crops. You'll also spend time with bees and beehives and eat some yummy honey! **Students with bee allergies should not attend. CTC will provide beekeeping protective wear. Students should also prepare to get dirty in the barn and greenhouse.**

Hot Metals

How do you make metal melt? Learn to weld using an oxy-acetylene torch. Plasma cut your favorite design in metal and run a grinder. **For your safety, you must wear closed-toed shoes and long pants.**

Inspired To Teach **new**

Do you love kids? Love to lead? Join our dynamic program designed for aspiring educators! Explore classroom management, leadership, powerful presentations and dive into the exciting world of education in our course tailored for middle school students passionate about teaching.

Lights, Camera, Action

Get ready to be the star of the show! You will experience each stage of the filmmaking process while creating your own commercials. From storyboarding the project and setting up the camera, all the way to acting and editing the final footage, you will love showcasing your commercial.

Pasta Palooza

Learn the art of making pasta from scratch in this hands-on pasta camp. You will learn how to craft the perfect pasta dough, master basic shapes like spaghetti and then pair them with delicious sauces. Get ready to roll, cut, and savor your way through a day of pasta perfection!

Pizza Plus

Like pizza? Using a wood-fired oven create and cook your own unique pizza, calzones and a spectacular dessert to take home in a pizza box you decorated.

Shark Tank

Do you wish to be the next contestant on Shark Tank? Here's your chance! Come learn the ins and outs of product development, marketing, merchandising and testing. Find out if your product has what it takes to be the next "must have"!

Smile And Open Wide

Ever wonder what your dentist and hygienist see? Experience what it is like from the other side! Take dental impressions, learn about teeth, sealants and how detectives can identify victims at crime scenes through dental records.

The Beauty Business

Are you interested in a career in beauty? In this class, you will gain an introduction to the beauty industry and learn basic hair styling, nail care, and skin care skills. Discover how to run your own business and start a career as a cosmetologist.

Think Ink

Printed products are everywhere you look! Dive into this creative world from concept to finished product. Potential projects include t-shirts, package design, posters and more.

Waterworks

Learn about underground sprinkling systems used in landscaping and golf courses, then go outside to hook up your own system. You'll also learn how to solder copper piping to make a project you can take home.

What's Up Doc?

Put on your lab coat, throw a stethoscope around your neck and be a doctor for a day! We'll diagnose "patients" with various ailments and injuries, take vital signs, write prescriptions, bandage wounds and perform lab tests!

Wilderness Survival **new**

Prepare for the unexpected! You will learn how to purify water, build shelters, navigate with a map and compass and start a campfire to survive in the backcountry or anywhere!

Career Camp Daily Sessions

June 10 – 13, 2024

Mon – Thurs 9:00 AM – 12:00 PM

General Information

Career Camp is for current 6th, 7th and 8th grade students in the 2023-2024 school year.

Behavior

Career Camp is considered a school activity. Standard school rules and expectations apply.

Dress Requirements

All students must wear closed-toe shoes such as tennis shoes (no sandals) for safety. Comfortable shorts and T-shirts are recommended. Sessions requiring pants/long-sleeve shirts for safety reasons are noted in the Career Camp confirmation.

Enrollment Information and Transportation

New this year, students may sign up for one or more classes. Classes are on a first-come, first-served basis and we do not offer a waitlist.

Classes are \$20 per day. Tuition is due upon registration and is non-refundable.

Career Camp Daily Sessions offer busing between middle schools and Careerline Tech Center for an additional \$10 per day. Students who sign up for busing will receive a bus schedule with their Career Camp confirmation.

• One day = \$20 • One day plus busing = \$30

Please call Michele (616) 738-8950 ext. 4312

CTC CAREER CAMP

extended sessions

open to current 7th, 8th and 9th grade students in the 2023-2024 school year.

June 17 – 21 Mon – Thur 9:00 AM – 3:00 PM, Fri 9:00 AM – 12:00 PM

*Busing is not offered for Career Camp Extended Sessions

Adventures in Ag

Learn more about the diverse agriculture in West Michigan by visiting greenhouses, dairy farms and more as we go on an adventure in agriculture! Each day will bring new learning, new skills and hands-on field trips! Students should prepare to get dirty in various greenhouse and farm settings.

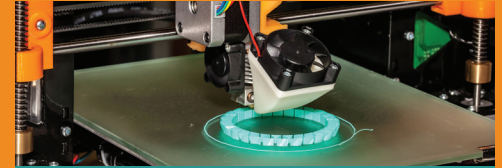

\$129

AquaFlow

Get ready to channel your inner plumber and emerge as the unsung hero of household hydration! Join us for an unforgettable fusion of fire and flow and get ready to turn up the heat and make a splash as we combine the cool precision of sprinkler systems with the fiery artistry of soldering.

\$99

Everything 3D

Create, extrude, cut, slice and print! Work on a 3D printer and learn how to level, set and make your own prototypes using the same software as the pros. You'll leave with your 3D-printed project and get a glimpse into a typical workday after a visit to a local business.

\$99

From Farm to Fork

Learn the processes behind local cuisine through farm tours, meeting food entrepreneurs and then try them yourself! You will create delicious foods as you explore vegetable production, bread baking, cheese and even try your hand at crafting with wool.

\$129

Gone Boarding!

Work with professionals in engineering, construction, graphic design, and entrepreneurship. Visit local businesses to learn the ins and outs of a board business. Build your board and choose your own artwork to complete the process. The class will end with a field trip to try out your new board.

\$159

Outdoor Adventures

Hey outdoor enthusiasts, this is the class for you! You'll get to kayak, hike, boulder, play disc golf, and learn from professionals working in fields related to these activities and how you can make this a career too.

\$159

Public Safety and You

Discover all things related to 9-1-1. You will learn more about emergency calls through field trips to fire stations, ambulance companies and police stations. Meet and connect with 9-1-1 dispatchers, police officers, firefighters and paramedics for a first-hand look into these intense and life-saving careers.

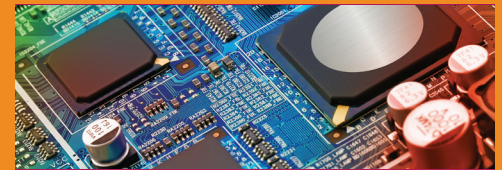

\$129

Dental Careers

Explore a variety of occupations in a dental office including dental assisting, dental hygienist, lab technician and dentist. Take dental impressions and learn about teeth, dental technology and dental procedures.

\$99

Tech Camp

Embark on a thrilling journey through the world of technology and see how computers work from the inside out! You will gain a deeper understanding of computer hardware by disassembling and reassembling a computer and delving into the software world by installing an operating system and more!

Careerline Tech Center
Ottawa Area ISD®

careerlinetech.org/SummerPrograms

futurePREP'd programs are a fun way for Ottawa Area ISD students to gain lifelong problem solving, collaboration and presentation skills while working with their peers. For over 10 years, **futurePREP'd** has given students real-world work experience with local companies and helped students invest in their education, spark a desire to continue training and better prepare themselves for their future.

IChallengeU

June 17 – 27 | Mon – Thur 8:30 AM – 3:00 PM | June 21 & 27, 8:30 AM – Noon

Open to current 9th–12th grade students

Cost: \$50, includes lunch and snacks both weeks

Experience the business world through this two-week internship. You'll collaborate with other students from across our area to find a solution to a real-world business problem using our Design Thinking Process. You can explore different careers, develop 21st Century Skills and compete to win scholarship money! **Transportation only provided from Careerline Tech Center to your business location on Day One. Students are then responsible for their transportation to their business location each day.**

IChallengeUth

July 8 – 11, 9:00 AM – 3:00 PM | July 12, 9:00 AM – Noon

Open to current 6th–8th grade students

Cost: \$50, includes lunch M-Th, snacks and transportation from Careerline Tech Center to your business location

During this exciting week, you will work with a team to solve a real-world challenge the company is facing. You will collaborate with others and use our Design Thinking Process to guide you and help build solutions to the challenge. Along the way, you can boost your communication, collaboration, critical thinking skills, and explore career interests. At the end of the week, your team will pitch your solutions back to the company.

IChallengeU Jr.

June 24 – 27, 9:00 AM – Noon

Open to current K–5th grade students Cost: \$50

IChallengeU Jr. is a four-day program that gives you the opportunity to work with local community partners to create a solution to a design challenge. At the end of the program, you will present your solution to a panel for feedback. As a part of this program, you will work as a team to investigate, brainstorm and create a solution to a challenge; work with local organizations and present to a panel for feedback on your idea. **Students will be outside and should wear comfortable shoes for walking and clothing appropriate for the weather. Students are responsible for their own transportation to and from area parks.**
